Dear Friends,

I am honestly struggling to write this newsletter as I attempt to recount the prayer meeting that took place this past Tuesday, October 13, 2009 at the State Capitol. The struggle is a good one though because God did so much it is honestly hard to know how to do justice to what took place. I get to the Capitol early with some of our leadership and then experience the first of many blessings. It is when I see people who are obviously called to pray for our government come in the door month after month so faithful in their commitment to intercede for God's purposes to be accomplished in Louisiana. The second is when the new faces come through the door and you hear the story of how God led them to come and pray. The greatest blessing is experienced when we begin and the Holy Spirit makes His Presence known and you realize once again the great privilege in knowing God and being known by Him!

How do measure this blessing in life? How do you define this mystery, God with us? It is such a privilege to be able to go into our Capitol and pray for the well being of our citizens through our government. To know that God cares for us in this way frankly blows my mind. I am at a loss to explain this grace extended toward us in Louisiana as God continues to make us a "*Light and Voice to a nation gone astray.*" Oh, that we in the Church would recognize this season of time we are in. So much hangs in the balance and yet God promises us that it is He who does the work that we cannot do; it is He that changes what we could never change; it is He that let's us see what we could not see before. ***It is not by might nor by power but my Spirit says the Lord. (Zech. 4:6)***

Prayer Points

- 1) Attorney General Buddy Caldwell – God continues to call us to pray for Mr. Caldwell and those in his office as they investigate and root out corruption in our state. Particular prayer was directed toward vision to see everything that needed to be seen. Also, that those under the AG would be fearless, strong and courageous against this spirit of corruption in Louisiana that God has pronounced a sentence of death upon.
- 2) Governor Jindal and all of our Governmental Leaders – The Holy Spirit strongly interceded through us for our leaders and their families in government from the state down to the local level as well. If you are in civil government in Louisiana you got covered in prayer on this night.
- 3) No More Child Killing – We are believing God, because He is asking us to, for the end of abortion in Louisiana. We prayed for a unified Church concerning this issue. That there would be no wavering in our resolve to reach a place in time where every child in the womb is safe in Louisiana. We prayed for strategy to be released to the necessities so that a lawful end to abortion can take place. We are praying for God's mercy and forgiveness to those who made this awful mistake and ended the life of their child. God has called us to be a state that releases LIFE not death!

Intercessors for Louisiana

- 4) Darwinism – We are often led to pray for our children in the educational system in our state. On this night God had us target the lie of Darwinism in our schools. We renounced it for the lie it is and welcomed the shaking necessary to knock this idol of intellectualism down and release the fear of God which is the beginning of wisdom. We must “retain God in our knowledge” or “professing to be wise we become fools.” ***How foolish to take creation that declares that God is and use it to say that God isn’t.*** (Read Romans 1: 18-32). We pray that children all over our state would come to the realization that they are fearfully and wonderfully made in the image of God!

God bless you as you join us in intercession at this crucial time in our state’s transformation as we continue to believe God for BIG THINGS in Louisiana!

Remember the giants may be big but the grapes are huge and our GOD is bigger than them all!!!!!!!

Praise you Jesus!

Till HE Comes,

Todd Trahan
